# How to Act in Case of A HAZARDOUS CHEMICAL SPILL

Quickly leave  
the affected area

Create an isolated space and  
prevent air ventilation

Never hide in basements or  
depressions in the terrain

Extinguish any open flames  
and turn off the gas

If it does not endanger you,  
assist others in need

Follow information  
from official  
communication channels

Protect your airways  
and eyes

Prepare  
an evacuation bag

Avoid unnecessary  
phone calls

Feed and water your pets,  
and place them  
in transport carriers

Wait  
for further instructions
